Wolf Ride Bike Share Returns!

With the warm spring weather approaching, the Stony Brook University Office of Sustainability has once again reintroduced the highly successful Wolf Ride Bike Share to the campus community. Students, faculty, staff and visitors can rent a bicycle at any of the University’s 12 bike stations, conveniently located throughout the campus...

Stony Brook University Plans for Continued Planting Success in 2017

Stony Brook University’s horticultural department has worked tirelessly throughout the winter to once again beautify the campus this spring. The robust program was recognized by Tree Campus USA for the 4th consecutive year, thanks to the dedication of its experienced staff...

Stony Brook Paves the Way in Water Conservation!

Stony Brook University, in partnership with National Grid, has recently completed the installation of new water-efficient aerators, showerheads and spray valves in various campus buildings. The project's aim is to help manage Stony Brook University’s current water usage through conservation efforts. With the implementation of these new water-efficient fixtures, Stony Brook University has the potential to reduce campus water consumption by over 50 percent...
